

Birla Public School, Doha-Qatar
Circular

We are very pleased to announce the first-ever Birla Cyber Club hosted by Birla Public School. We invite the students of grades 9, 10, 11(CS, IP) and 12(CS, IP) to this initiative to become the thinkers of tomorrow. The Birla Cyber Club (BCC for short) aims to provide a common medium for creative thought development and empowers young minds to hone their scientific and engineering skills in the Cyber World. Not only is this club academically rigorous, but it offers various opportunities for the first time to students here at Birla Public School in terms of:

- 1) Community Service works.
- 2) Hosting workshops for younger students.
- 3) Conducting various live seminars and interviews with experts from various fields.
- 4) Integrating Computer Science with all other fields, and emphasizing the essence of Cyber Safety
- 4) Integrating with other existing clubs to cohesively lead specific events.
- 5) Harnessing the art and filmographic skills Birla students have.

The Birla Cyber Club is divided into 6 independent departments which are interlinked to systematically manage the events, interviews, and workshops:

1. General Events (GEs) (5 Posts available)

The General Events department's main role is to plan and lead events and activities the club wishes to host, which isn't based on any specific event theme. All forms of community service provisions would be dealt with by the GE department.

2. Event-based Projects (EBPs) (5 Posts available)

The Event-Based Project Department is responsible for hosting events based on international and national observances. It would work towards organizing events like seminars, workshops, interviews, and the like, related to the topic, based on occasions and occurrences.

3. Tutoring (5 Posts available)

The Tutoring Department will be conducting events of its own. Members of the Tutoring department would be responsible for managing the BCC Online Tutoring Programs. Here individuals who relish the concept of teaching others various short topics in Computer Science can do so in this program.

4. Media (5 Posts available)

The Media Department would be responsible for gathering information about ongoing events, journalizing, photographing, videographing, reporting, writing, and bringing awareness to our club events through the medium our website.

5. Design (5 Posts available)

The Design Team would be involved in designing, decorating, and constructing bases for events to be held in the club. The team would be involved in designing posters, brochures, event venues, etc. We aim the design team to bring forth artistic inspiration to our club events.

Why Should You Sign up?

By joining the Birla Cyber Club, you would:

- Have a chance to hone your team-building and communication skills.
- Learn to engage in meaningful discussions that impact society.
- Get an insight into your field of interest within Computer Science.
- Learn how to innovate various ideas into actions.
- Gain opportunities to carry out social services through club-organized community service events.
- Gain valuable assets for your College Applications.
- Gain an opportunity to help and guide younger students about the pros and cons of online and social media platform
